

# NHU TRAN

FRONTEND DEVELOPER

## ABOUT

Experienced frontend developer with over 10 years of expertise, recently specializing in React and Next.js. Passionate about building high-performance, user-friendly web applications, I focus on writing clean, efficient code to enhance user experiences. Continuously learning and adapting to new technologies.

2006 - 2010

- Diploma of Computer Science
- MCAD

## PROFESSIONAL EXPERIENCES

### 2023 - Present

*Gap Years & Freelancing*

#### Freelancer Frontend Developer

Took gap years to reset, focus on learning, and care for my family. During this time, I expanded my technical expertise, explored new opportunities, and worked as a freelance developer to refine my skills with modern web technologies. Open to full-time opportunities.

**Technologies Utilized:** NextJS, React, Prisma, AuthJS, shadcnUI, TailwindCSS, ThreeJS, FarmerMotion, GIT, ...

### 2021 - 2022

*Nakivo*

#### Senior Frontend Developer

Senior frontend developer for over a year, specializing in component-based architecture, problem-solving, and research-driven improvements. Built advanced filtering, sorting, pagination, and interactive dashboards with real-time data visualization.

**Technologies Utilized:** ExtJS, Javascript, Bootstrap, PostgreSQL, Spring Boot, Spring Framework, SVN, ...

### 2016 - 2021

*Sprialedge*

#### Frontend Developer

Developed interactive web applications for five years, specializing in responsive UI components with Angular. Enhanced a farm management platform with interactive maps, calendar scheduling, dynamic charts, and a subscription-based payment system, optimizing performance and user experience.

**Technologies Utilized:** AngularJS, Bootstrap, LessCSS, OAuth, GIT, Jenkins, Javascript, D3JS, ...

### 2010 - 2015

#### UI Website Developer

Worked as a UI developer, focusing on responsive design principles and front-end development. Collaborated closely with backend teams to integrate APIs, enhancing web application functionality and performance.

**Technologies Utilized:** HTML, Javascript, Bootstrap, CSS, JQuery, AJAX, Media query, PHP, Joomla, ...
